## **GAOTek multi-gas detector for LEL O2 NO2 H2S CO**

### **Introduction**

Simultaneously monitor and display up to five atmospheric hazards with the Gas Alert. Adaptable to a variety of applications, the Gas Alert has an extensive selection of users-settable field options. It is available as either a standard toxic gas model, a PID model for the detection of VOCs, or an R model for  $CO_2$  detection. Use the passcode function to prevent unauthorized modifications of the instrument's settings. Compatible with BW's Micro Dock II automatic test and calibration system, the Gas Alert is unparalleled in its versatility, performance, and overall value.

## Product Description

Sensor for fifth toxic, PID, or CO hazards

Four bright, wide-angled

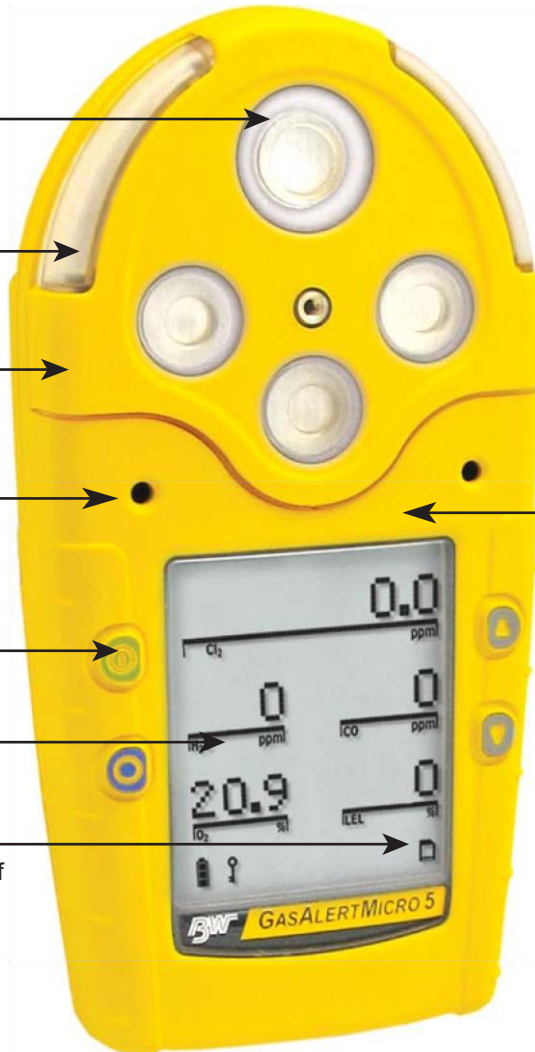

Integral concussion-proof

95 dB audible alarm

Raised buttons, easy to use with gloves

Large, easy-to-read

Optional datalogging stores several months of continuous data

Quickly switch from diffusion to integral pump option

**NEW**

Replaceable integrated filter  
• window enables user to visually inspect filter  
• provides superior dust and water resistance

Multiple charging options available

Internal vibrating alarm for high-noise areas

Stainless steel alligator clip

AA alkaline or hot-swappable rechargeable battery pack options allow for battery installation in the field

#### Standard features of BW products:

- Continuous LCD shows real-time gas concentrations
- Water-resistant
- Automatic calibration procedure; compatible with BW

#### Micro Dock II automatic test and calibration station

- Full function self-test of sensor, battery status, circuit integrity and audible/visual alarms on start-up
- Bright wide-angled visual alarm bars
- Built-in concussion-proof boot

#### Additional Gas Alert Micro Features:

- Integral motorized pump option for remote sampling
- Equipped with an internal vibrating alarm for high-noise areas
- Two power options: AA alkaline or rechargeable hot-swappable battery packs
- Multi-language support in English, French, German, Spanish and Portuguese.
