

Product Name	GAOTek Vehicle Accessories Charger Wall box
Product SKU	GAOTek-CA-109
Product URL	https://gaotek.com/product/gaotek-vehicle-accessories-charger-wallbox/

GAOTek Vehicle Accessories Charger Wall Box

Product Model		Model 01	Model 02	Model 03
Detailed specification	rated power	7kW	11kW	22kW
Appearance and structure	way to install	Wall-mounted/column-mounted		
	Way of line	Down in down out		
	size of device	400*280*120mm		
	Shell material	Plastic shell		
	cable Length	5m		
	input voltage	AC220V±15%	AC380V±15%	AC380V±15%

Electrical Specifications	Frequency	50±10Hz		
	Rated power	9.6kW	11kW	22kW
	Measure precision	1 level		
	Output voltage	AC220V±15%	AC380V±15%	AC380V±15%
	Output current	32A	16A	32A
	Current limiting protection value	≥110%		
	human-computer interface	4.3-inch bright color touch screen, LED indicator strip		
Functional Design	charging mode	Automatic filling/select the fixed quantity/select fixed amount/select fixed time		
	Charge style	Swipe card charge/ Scanning charge		
	Payment mode	card swiping payment/ Scan payment		
	Communication Interface	Ethernet/4G		
	standard	IEC 61851-1:2017,ICE 62196-2:2016		
Safety Design	Safety function	Charging gun temperature detection, over-voltage protection, under-voltage protection, overload protection, short circuit protection, ground protection, over-temperature protection, low-temperature protection, lightning protection, emergency stop protection, leakage protection		
	Operating Temperature	-25°C~+50°C		
Environmental Index	operating humidity	-25°C~+50°C		

	Work altitude	5%~95% non-condensing frost
	level of protection	<2000m
	type of cooling	IP54
	noise control	natural air cooling
